## Reading Tip for Parents:

### Q: What's "Just Right"?

A: Children feel confident and competent when they read books that are "just right." But how do you find a "just right" book? Have your child read the back and front cover, and first page of the book. If there are more than five words that he/she cannot pronounce or understand in context, the book may be too challenging. Be supportive about finding a more perfect fit. Choosing the right book will help your little reader feel successful.
